About Me

I am an experienced advertiser who is also interested in and self-learning programming. With expertise as a web developer, I can create attractive websites. Proficiency in graphic design software such as Photoshop, Illustrator, and CorelDRAW enriches my advertising creativity. Additionally, foundational skills in video software like Premiere Pro, After Effects, and Blender 3D add a dimension to my marketing strategy, creating dynamic and impactful visual content.

Work Experience

Advertiser | CV. Herba Bumi Pertiwi

April 2022 to February 2024 (1 years, 10 months)

- I work as an advertiser in charge of managing Google Ads and Meta Ads accounts, also creating content and landing pages with WordPress

Freelancer Editing

April 2020 to now 2024 (3 years, continues)

- I'm a freelance Photoshop editor, especially in smudge portrait painting and image manipulation techniques

Education History

SLTA | SMA Al-Hikmah

2017 to 2020

- I am a high school graduate who likes to explore knowledge outside the school curriculum, with a high dedication to self-development
